According to established precedent the time to take and make profit is during the busy season. Ordinarily I would follow out this rule myself and make my profit in anticipation of the dull season to come. But thus far this season I have seen nothing that would warrant a strongly optimistic view of a booming trade condition. For that reason I am going to do my stock reducing while the going is good. I'm going out for business NOW—BIG BUSINESS—and I am going to get it or bust a button.

Concave Shoulders

So many of the younger men have asked for and demanded concave shoulders on their garments, I have made arrangements whereby you can have English Shoulders, Murray's Half Concave or Murray's Full Concave Shoulders.....
 This is optional with purchaser. Suits to measure.

INTERESTS OF WESTERLY

Historical Society to Discuss Battle of Stonington—High School Senior in Magazine Form—Three Hundred and Fifty Members of Holy Name Society Going to Norwich—Soldiers to Leave For Island Forts Today.

There was an interesting and large attendance at the Rhode Island Citizens' Historical association in Providence, at which addresses were made by Roswell B. Burchard, lieutenant governor of the state, and by Mrs. Ellen Ryan Jolly, national president of the Ladies' auxiliary of Ancient Order of Hibernians.

Lieutenant Governor Burchard reviewed the history of the celebrations the past summer at Gettysburg and Put-in-Bay. He told of the various incidents at Gettysburg, emphasizing the good feeling engendered between the old soldiers of the north and south. Of the Perry celebration he told of the important part taken by Rhode Island and its soldiery and that untimely

cluding Mayor Kline and Borough President McAneny, who will make addresses. Mayor Gainer, of Providence, A. E. Thorpe, president of the East Providence town council and Professor Willard H. Munro, of Providence, have been invited to speak at the dedication.

The Westerly Historical society held a session in the Memorial building and selected the Battle of Stonington as the principal topic of discussion during the winter months, as the centennial is to be fittingly observed a year hence, the state of Connecticut appropriating \$1,000 to aid in the payment of expenses. Ethan Wilcox read a paper on the battle of Lake Erie and also a report of the loss of Perry's ship. Rev. Joseph L. Peacock read the speech of Governor Pothier delivered at Put-in-Bay. Mr. Peacock also made report of the historical trip made in automobiles on the Post road, of the visit to King Tom farm, the historic church and library at Kingston and other points of historical interest. A communication was received from the New York City club inviting the society to send representatives to the Willett monument dedication at River side next Saturday. Miss Julia Smith, president, was chosen as the representative. Vote of thanks was tendered to Eugene B. Pendleton for an official list of voters of the town of Westerly for 1833 and for a well preserved runnel. The annual meeting for the election of officers will be held next month.

The senior, the school paper of the Westerly High school, is now printed in magazine form, instead of the customary four page form. The first number of the term is well gotten up by its editorial staff: Raymond B. Heath, editor-in-chief; Helen E. Taber, ladies; M. Walter Flynn, athletics; Pauline M. Cooke, alumni; Joseph H. Randall, school notes; Hannah A. Stillman, exchanges; A. Martin Randall is business manager, with Abiel B. Brown and David L. Stillman, assistant managers. The senior class has elected these officers: Herbert Chappell, president; Jane Peckham, vice president; Hannah Stillman, secretary; Isaac Smith, treasurer. The officers of the junior class are: William C. Critcherson, president; Roy Wilcox, vice president; Bowman Conn, treasurer; Elizabeth McDevitt, secretary.

The football team will play a game with the Norwich Free Academy team on Saturday, Oct. 15. The return game will be played at Westerly, Oct. 23. No games were tried at Friday's resumption of the Third district court in Westerly.

Local Laocian. Miss Gladys Taber has commenced a course of training in the Homeopathic hospital, Providence. The Westerly Knights of Columbus will participate in the Columbus day parade in Providence Sunday. Miss Kathlyn Foster has been appointed a teacher in the Westover boarding school in Westover, Pa. Miss Katherine Price of Westerly has been engaged as soprano soloist by the Union Baptist church, Mystic. E. Kennedy Bates is in Quebec attending construction for a year, before he commences his college course. The Holy Name society of St. Michael's parish, 330 strong, with the West-

terly band, will participate in the Holy Name parade in Norwich Sunday afternoon.

The hold-up and robbery of the paymaster of the Alton mill has not yet been saddled upon Rushrow and Arnold, but there is circumstantial suspicion, if not real evidence. General Frederic M. Sackett, 74, a Civil war veteran, for fifteen years the adjutant general of Rhode Island, and a retired woolen manufacturer, died suddenly at his home in Providence Thursday afternoon.

The Italian societies of Westerly will parade with the Westerly band Monday afternoon in observance of Columbus day. This will be followed with field sports at Riverside park and fireworks in the evening. The local committee of the recent muster of the state firemen in Westerly, report all bills paid and a balance of \$384.4. The total receipts were \$1,287.19. Of this sum \$14.55 was subscribed and the rest was received for ground privileges.

The soldiers who have been hiking, drilling and camping between Stonington and North Stonington during the past week will return to Fort Mansfield today. Six of the companies will be transported to Fort Wright, Fishers Island and the other six to Fort Terry, Plum Island.

The local committee of the Rhode Island State Conference of Charities and Correction is composed of Rev. Samuel M. Calhoun, Miss Sally Kravetz and Miss Elizabeth Perry. The conference will be held in Providence, Oct. 22. Mrs. Charles Perry is a vice president of the state association.

Nearly everybody has read of the boy who stole his mother's cow and sold the animal to raise funds to attend the baseball championship series. This was equalled right in Westerly several years ago, when a young man stole a cow and sold it to get money to buy his best girl a picture hat. The annual conference of the Eastern association of the Seventh-day Baptist denomination opened Friday morning in the Seventh-day Baptist church with fifty delegates in attendance. The conference will end Monday. The exercises will be in accordance with the program that has been printed in The Bulletin.

Patrolman Foley of Mystic seems to have the faculty of capturing burglars who operate in Westerly. Two years ago he arrested the burglar who entered the Workingmen's club and the several stores in the Porter building and last week he arrested Rushrow and Arnold for the Stonington hold-up. Perry has confessed to three burglaries in Westerly.

Steamer Black Rock Runs on Sand Bar—Prospects of Plenty of Work at Shipyard for the Winter.

Steamer Black Rock, which has been undergoing a great amount of repairs in the Palmer shipyard, met with a little hindrance Friday on her start to New York. She was stuck for some time on the sand bar and it required a large amount of work to get her once more on her way. She was taken in tow of the tug Frederick Lee, which has also been repairing here. Other boats at the yard will soon be gone as the launching ways have been put under the car float built for McGirr Brothers of New York, and the tug for the Mutual Towing Co. of that city is also almost ready for launching. Work was suspended Friday in some of the departments waiting the arrival of lumber which is daily expected. There is work enough in prospect to last the present force of men through the winter.

 A hard stubborn Cold that hangs on, is broken up by Humphreys' "Seventy-seven"

COLDS
 Cold houses, cold offices, cold churches or places of amusement, before the artificial heat is turned on, are the most prolific causes of catching cold.

A vial of "Seventy-seven" in the pocket is the nearest thing to a self heater, because a dose taken at the first chill or shiver will either prevent or break up the Cold at once.

If you wait until your bones begin to ache; till you begin to cough and sneeze, it may take longer.

"Seventy-seven" is a small vial of pleasant pellets, fits the vest pocket, 25cts. and \$1.00. All Drug Stores or mailed.

Women Who Get Dizzy. Every woman who has troubled with fainting and dizzy spells, backache, headache, weakness, debility, constipation or kidney troubles should use Electric Bitters. They relieve when nothing else will, improve the health, adding strength and vigor from the first dose. Mrs. Laura Galt of Avoca, La., says: "Four doctors had given me up and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitters. I did so, and they have done me a world of good." Just try them, 50c and \$1. at all druggists or by mail, H. E. Bucklen & Co., Philadelphia or St. Louis.
